

WELCOME

WE NOW HAVE 12 SITES OPEN AND ENROLLING across Victoria. It has been great to see another five sites get started in the last month. We are oh so close to that magic number of 100 recruits and looking forward to seeing which centre will enrol our 100th baby. Read all the latest trial news and updates below.

TRIAL RECRUITMENT

AIROPLANE Trial Recruitment (by month)

TRIAL PROGRESS

WELCOME ABOARD!

Over the last month we have seen Peninsula Health-Frankston, Bendigo Hospital, Albury-Wodonga Health, Ballarat Base Hospital And Goulburn Valley Health in Shepparton all officially open the trial to recruitment.

Well done to everyone at these sites for their hard work to get the sites ready and open.

It is especially wonderful to see AIROPLANE open up in these regional centres.

REMINDERS & RESOURCES

Hard copy CRFs are now available for download from the Members Portal on our website. These are for use in those hopefully rare times when QR code technology is not operational.

Several of our sites have now reached or are soon to reach 12 weeks since enrolling their first infant. This means they will be scheduled for their first Site Monitoring Visit. Site Monitoring takes about half a day and is crucial to ensuring the trial is being conducted in accordance with the protocol and GCP guidelines. AIROPLANE Trial Coordinator Renae Allen will contact you to arrange a time for the visit.
